

“Our work and our products should reflect our love to wool, to nature and to the Ötztal Valley”. Johannes Regensburger

In our family-operated manufactory and factory outlet in Umhausen you can see a big part of a handcraft driven manufacturing process of rugs from our regional Tyrolean Alpine sheep wool. This wool is delivered from growers whos sheep graze on

places up to 3,000 m in the Ötztal valley.

We offer the possibility to visit our manufactory and to witness this process, to look, hear, touch. Guided tours are offered in English and Italian also.

Enclosed to the manufactory there is our factory outlet store were we offer our rugs and products of other manufactories who bring their wool to our wool washing plant or who by wool from us. One example is the felt maker – family Zacher, which is the oldest family owned business in South Tyrol and has its roots back to the 15th century. We look for a maximum of transparency, traceability, ecology, a local source and design.

We look forward to welcome you in our manufactory and our factory outlet in Umhausen! If there are any questions please don't hesitate to get a call or write a mail.
